LLDAB (Latch + EAK)	For Privacy & Security Gates	Black, White

LOKKLatch® DELUXE

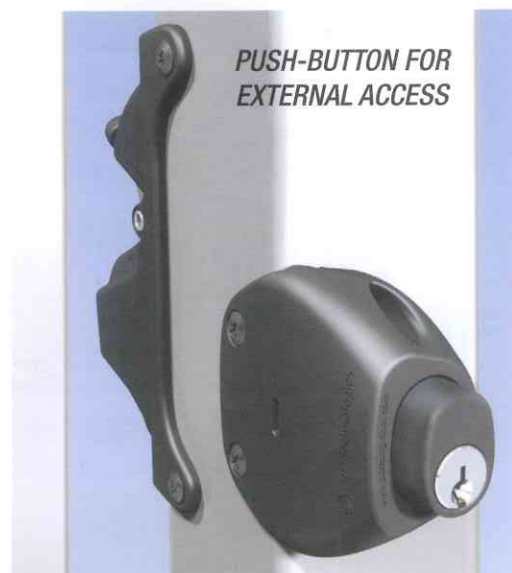

The ultimate dual-lockable gravity latch for privacy gates

Why choose LokkLatch® DELUXE?

- Operates and locks from both sides of gate
- Easy installation - only drill one hole
- Dual 6-pin rekeyable locks
- Saves installation time, hassles and \$\$\$
- No special tools required
- One latch model fits metal, wood & vinyl gates
- Fully adjustable for easy installation
- Super-strong, engineering polymer and stainless steel construction

HEAVY DUTY GRADE

**PUSH-BUTTON FOR
EXTERNAL ACCESS**

The External Access Push-Button allows the LokkLatch DELUXE to be locked and operated from both sides of the gate.

Features

- Vertically & horizontally adjustable
- Detachable polymer push rod
- Fits 6" (150mm) deep posts
- Fitting jig included
- One model for all materials
- Keyed-alike optional
- 316-grade stainless steel components

Benefits

- Overcomes ground movement and gate sag
- Easy to cut to length
- Fits larger vinyl and wood posts
- Cuts installation time in half
- Fits metal, wood and vinyl gates
- Can be keyed-alike to other D&D products
- Highly polished and won't rust

Use the PVC tube provided for vinyl gates to protect the push-rod from concrete poured inside the fence post.
